

GENERAL PROJECT INFORMATION

Project name: **Bringing online tools!!**

Project sponsor: <https://www.facebook.com/groups/190647145697328>

Project manager: Elizabeth de Moran

Email address: edcgm@yahoo.es

Address: Centro Escolar General Salvador Castaneda Castro.

DETAILS OF THE PROJECT

When my principal told me that classes would be suspended due to the pandemic; I was really upset and sad because I cannot imagine how I will continue teaching without my classroom.

Also, I know that most of my students do not have computers in their home cause the social and economical conditions like the ones that come from a public school. but as teachers we have to do something for giving them a good education.so I decided to create a Facebook account or group on March 16th. 2020 and adapt my classes with this online tool. Knowing that in most cases they only have cellphones.

OBJECTIVES

- To design a simple and effective way of teaching and delivering activities between teacher and students with my old last year videos that allow social interaction during the pandemic.
- To accomplish the use of online tools like social media platform, Google forms, You Tube videos, videocalls, chats on Messengers in order to give English feedback to my students by the time they will not be at their classroom.

ONLINE RESOURCES

Reuse my old last year videos to make their practice and oral activities.

Facebook platform

Google forms

Electronic mails

You Tube

Messengers

guides/workbook

with the only purpose to get the four English Skills like writing, reading, speaking, and understanding.

TARGET AUDIENCES

It was designed for more than 300 hundred students who attend classes from first to ninth grades at Castaneda Castro School.

CONCLUSIONS

This project has been successful because children and teenagers have learned in a funny and resilient way in this time of a global pandemic as they show in their work videos.
